NEW KERAKOLL EXTERNAL FIXING PRODUCTS

With the rise of outdoor tiling continuing this summer, we're expanding our range of installation products to include the Kerakoll Green-Pro matting system. This decoupling mat can be used on balconies, terraces and patios to waterproof and create a decoupling layer. The Green-Pro matting is combined with Aquastop 120 and Aquastop Fix to seal the joints.

Green Pro Matting

Aquastop Tape

Aquastop Fix
